Overall Length:

41.02 inches

Overall Width:

26.06 inches

Overall Thickness:

1.97 inches

Product Name:

Industrial solar electric modules

Voltage In Volts:

16.9

Special Features:

Rated powe (watts): 90; voc open circuit voltage(volts): 21; isc short circuit current(amps): 5.6; imp rated current(amps): 5.3; maximum system voltage(vdc): 600; series fuse rating(amps): 15; item weight(lbs) : 18.1

Shape:

Rectangular

Special Test Features:

Standard test condition (stc) : 1000w/m2 25degree, am1.5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
