Overall Length:

26.06 inches

Overall Width:

21.38 inches

Overall Thickness:

1.97 inches

Terminal Location:

Side

Product Name:

Industrial solar electric modules

Voltage In Volts:

21.0

Special Features:

Rated power (watts)40; isc short circuit current (amps): 2.4; vmp rated voltage(volts): 17.1; imp rated current (amps): 2.3; max system voltage(vdc): 50; series fuse rating(amps): 5 item weight(lbs) : 9.9

Shape:

Rectangular

Special Test Features:

Standard test condition (stc) : 1000w/m2, 25degree, am 1.5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
