Reliability Indicator:

Not established

Frequency Rating:

50.0 hertz or 60.0 hertz single component

Input-output Phase Relationship:

Single phase to single phase single component

Maximum Transformer Power Rating:

7.0 kilovolt-ampere single component

Winding Operating Voltage:

208.00 ac volts and 220.00 ac volts single component all primary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
