Overall Height:

24.380 inches

Overall Width:

19.750 inches

Frequency Rating:

50.0 hertz single component or 60.0 hertz single component

Inclosure Type:

Fully enclosed

Special Features:

Primary input voltage: 220vac, 380vac, 440vac porm 5pct; 3 phase 3 wire configuration; alternate input: 24vdc, 30adc; output voltage: 24 vdc porm 10pct; 30 adc maximum current; protection: 30 adc, 500vdc fused output; wall mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
