Overall Length:

26.900 inches

Overall Height:

3.500 inches

Overall Width:

16.900 inches

Installation Design:

Rack

Output Voltage Rating:

220.0 ac volts single power output

Input Frequency Rating:

47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

Operating Ambient Temperature Range:

+32.0/+104.0 degrees fahrenheit

Special Features:

2u rack mountable w/tower conversion kit; 90-97 pct efficiency; usb, serial, 10/100 network module connections; 7 iec 320 outlets; power chute business/network shutdown software; black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
