**Overall Length:**

26.900 inches

**Overall Height:**

3.500 inches

**Overall Width:**

16.900 inches

**Installation Design:**

Rack

**Output Voltage Rating:**

220.0 ac volts single power output

**Input Frequency Rating:**

47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

**Operating Ambient Temperature Range:**

+32.0/+104.0 degrees fahrenheit

**Special Features:**

2u rack mountable w/tower conversion kit; 90-97 pct efficiency; usb, serial, 10/100 network module connections; 7 iec 320 outlets; power chute business/network shutdown software; black

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A39900
