Overall Length:

1.250 inches

Overall Height:

0.800 inches

Overall Width:

0.450 inches

End Application:

Power converters

Product Name:

Dc/dc converter

Special Features:

Plug and play convenience; operates from -25deg c to +75deg c; 3 watt; 5v; single output; isolated dc/dc converter; 18-72v input range; extremely rugged modules; thermally conductive pottig compound; max ouput current 500ma; unipolar; wide range

Precious Material And Location:

Plated pins gold

Precious Material:

Gold

Special Test Features:

Rohs-6 hazardous substance compliant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
