End Application:
Common air route surv radar (carsr)
Mounting Method:
Bracket all groupings
Product Name:
Transformer, step-up
Special Features:
Square d, step-up transformer; primary voltage 208, secondary voltage 400y/231, 3 taps - 5%, 1+2%, k4 rated; reference drawing
6312-1853; copper windings; approximate weight 430 pounds
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
