Overall Height:

3.688 inches

Overall Length:

8.531 inches

Overall Width:

3.500 inches

Duty Cycle:

Continuous

Current Rating Method:

No load

Temperature Rating:

85.0 ambient degrees celsius

Rotor Speed Rating In Rpm:

10500.0 single no load

Current Rating In Amps:

12.000 single input

Connection Type And Voltage Rating In Volts:

27.5 line to neutral single input

Special Features:

W/one ripple filter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
