Overall Length:

18.312 inches

Overall Height:

8.250 inches

Overall Width:

5.875 inches

Current Type:

Dc and dc

Dc Voltage Rating:

600.0 volts and 250.0 volts

Mounting Configuration:

Shock mounted

Voltage Rating:

250.0 pounds per hour wet and -50.0 pounds per hour dry and -65.0 pounds per hour with retaining chain

Rectifier Type:

Metallic disc

Output Current Rating:

550.0 milliamperes and 150.0 milliamperes

Input Voltage Rating:

115.0 volts and 27.5 volts

Current Rating:

180.0 milliamperes and 10.0 milliamperes

Regulated Output Current:

Not provided and not provided

Auxiliary Ac Output:

Not provided

Regulated Current:

Not provided and not provided

Radio Frequency Filter:

Provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T321-c
