**General Description:**

Output of motor generator, ac, 120 and 208 or 240 and 416v, 400 cycles, 3 phase, 60 kw, regulated; output of power supply, dc, 28v, 10 amp, regulated; input to motor generator, ac, 416v, 60 cycles, 3 phase, not rated for w or va; input to power supply, ac, 416v, 60 cycles, 3 phase, not rated for w or va; metallic disk rectifier; over-all dimensions a/a; rf filter incl; four 11/16 in. Diameter mtg holes spaced 43-3/4 in. Centers by 48 in. Centers parallels to shaft axis

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
