General Description:

Operating temp m0.0 to p55.0 degrees c, voltage at full load 170 vdcmin output, voltage with no load 200 vdc nom output, current at fullload 30 ma maximum output, impedance output 600 ohms, input voltage 28vdc, input current 300 ma max, operating freq 1.5 khz, 1.635 maxin. L, 1.635 maximum in. W, 2.843 maximum in. H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
