Overall Length:

4.530 inches

Overall Height:

1.238 inches

Overall Width:

3.337 inches

Major Components:

Component board 1; insert, screw thread 2; resistor 2; semiconductor device, diode 1; transistor 2

Mounting Configuration:

5 mtg holes irregular spaced

Fsc Application Data:

Guided missile remote control system. A1rborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
