Overall Length:

6.500 inches

Overall Height:

1.250 inches

Overall Width:

5.400 inches

Major Components:

Board 1; capacitor 4; electron tube 3; resistors 15

Mounting Configuration:

Plug-in type mtg

Fsc Application Data:

Power supply, radar course directing group, miscellaneous communication equipment, jetds type no. Mx-3402/gpa-73 v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
