Overall Length:

19.500 inches

Overall Height:

68.250 inches

Overall Width:

17.875 inches

Component Quantity:

1 and 1

Input Voltage Rating:

115.0 ac pounds per hour wet single operating power rqmt

Output Voltage Rating:

8.0 ac kilovolts 1st power output

Component Controlling Agency:

Edo corporation; edo corporation

Component Name:

Capacitor shelf; contractor deck

Component Identifying Number:

61204-1 part no. And 61504-1 part no.

Power Unit Quantity:

2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
