Overall Length:

2.405 inches

Overall Height:

1.191 inches

Overall Width:

1.495 inches

Major Components:

Capacitors 3, cup power supply 1, diode 2, insulator 1, inductor 1, terminal board 1, transformer 1, wafer power supply 2

Mounting Configuration:

Terminal mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
