General Description:

Input voltage, 60vac , 60 hz, single phase, output voltage, 52.8vdc output current, 100 amps max. Full wave rectification, 10.813 in. Lg. By 10750 in. W. By 7.000 in. H, two silicon controlledrectifiers and two diodes mounted on a heat sink chassis

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
