Overall Length:

2.500 inches

Overall Height:

0.312 inches

Overall Width:

2.000 inches

Major Components:

Semiconductor device diode 6; resistor 2

End Application:

Type cv-1750/u

Usage Design:

Power supply rectifier and regulator

Mounting Configuration:

Plugs into elco 11-pin strip connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
