Body Length:

4.440 inches

Body Width:

3.481 inches

Body Height:

2.374 inches

Mounting Configuration:

Mounts by 2 days fasteners spaced 3.000 in. C to c

Special Features:

Surface treatment: caustic etch finish

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Caustic etch finish

Fsc Application Data:

1. Radio set, navigational, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T23700
