Body Length:

8.875 inches

Body Width:

3.938 inches

Body Height:

0.063 inches

Mounting Configuration:

Two 1/4 in. Diameter mtg holes 2 in. C to c

Special Features:

Material: formica

Special Markings:

Designation plate marked /f-205/ and /f-206/, stamped/danger high voltage/

Material:

Formica

Fsc Application Data:

Airborne radar transponder set, jcens type no. An/apx25

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T23700
