Overall Length:

15.062 inches

Overall Height:

6.812 inches

Overall Width:

11.187 inches

Major Components:

Bracket 1; connector 2; cover assembly 1; lead, electrical 1; nut lock 25; rectifier 2; screw 23; support assembly 1; terminal 2; transformer 2; washer 23

Mounting Configuration:

Panel mounted

Fsc Application Data:

Console, battery control center, guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
