**Overall Length:**

15.000 inches

**Overall Height:**

7.000 inches

**Overall Width:**

11.625 inches

**Major Components:**

Bracket assembly 1; connector, receptacle, electrical 2; cover assembly 1, plate, identification 1; rectifier 6; relay, armature 3; support assembly 1; terminal, turret 1; transformer, power 3; wiring harness 1

**Mounting Configuration:**

Bracket mtd

**Fsc Application Data:**

Guided missile battery control central

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T01200
