Overall Length:

8.937 inches

Overall Height:

1.625 inches

Overall Width:

6.437 inches

Major Components:

Cable assembly special purpose electrical 1; capacitor 12; printed circuit board 3; reactor 4; resistor 9; semiconductor device diode 10; transistor 16

Mounting Configuration:

Nine 0.125 in. Diameter mtg holes irregularly space

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
