Overall Length:

7.000 inches

Overall Height:

2.750 inches

Overall Width:

5.000 inches

Environmental Protection:

Dripproof

Maximum Operating Altitude Rating:

45000.0 feet

Operating Ambient Temperature Range:

-18.4/+71.5 degrees celsius

Output Phase:

Single single power output

Special Features:

Eoutput data, 115 v, plus 5 to minus 7 pct, 400 cycles, porm 1 pct, 100 va, sine wave form, 3 pct maximum harmonic distortion; 28 v input voltage, porm 2 pct; continuous duty; radio interference filter not incl

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
