**Overall Length:**

4.300 inches

**Overall Width:**

2.250 inches

**End Application:**

Ind panoramic sm6108

**Electrical Power Source Relationship:**

Operating

**Output Voltage Rating:**

-18.0 dc volts single power output

**Output Control Quantity:**

1 single power output

**Output Connection Quantity:**

2 single power output

**Fsc Application Data:**

Radio and television communication equipment, except airborne

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A39900
