Overall Length:

4.300 inches

Overall Width:

2.250 inches

End Application:

Ind panoramic sm6108

Electrical Power Source Relationship:

Operating

Output Voltage Rating:

-18.0 dc volts single power output

Output Control Quantity:

1 single power output

Output Connection Quantity:

2 single power output

Fsc Application Data:

Radio and television communication equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
