**Overall Length:**

8.680 inches

**Overall Height:**

2.250 inches

**Overall Width:**

6.250 inches

**End Application:**

Digital data display system e3a aircraft

**Electrical Power Source Relationship:**

Operating

**Installation Design:**

Rack

**Special Features:**

Surface treatment-chemical film mil-c-5541; 3500 volt high voltage power supply

**Reference Number Differentiating Characteristics:**

As modified by source control drawing 331308-3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A39900
