Overall Length:

8.680 inches

Overall Height:

2.250 inches

Overall Width:

6.250 inches

End Application:

Digital data display system e3a aircraft

Electrical Power Source Relationship:

Operating

Installation Design:

Rack

Special Features:

Surface treatment-chemical film mil-c-5541; 3500 volt high voltage power supply

Reference Number Differentiating Characteristics:

As modified by source control drawing 331308-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
