**End Application:**

Enclosure, electronic, bulkhead mounted

**Electrical Power Source Relationship:**

Operating

**Output Control Quantity:**

1 single power output

**Rectification Method:**

Single phase full wave center tap

**Output Connection Quantity:**

2 single power output

**Special Features:**

Rectifier type: semiconductor device

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A39900
