**Overall Length:**

6.250 inches

**Overall Height:**

3.109 inches

**Overall Width:**

4.823 inches

**Electrical Power Source Relationship:**

Operating

**Operating Ambient Temperature Range:**

-20.0/+71.0 degrees celsius

**Special Features:**

Regulated output; overvoltage protection; dual output

**Fsc Application Data:**

Universal radar trainer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
