Overall Length:

21.000 inches

Overall Height:

8.750 inches

Overall Width:

19.000 inches

Electrical Power Source Relationship:

Alternate operating

Input Phase:

Single 1st alternate operating power rqmt

Input Voltage Rating:

115.0 ac pounds per hour wet 1st alternate operating power rqmt

Input Frequency Rating:

65.0 hertz 1st alternate operating power rqmt

Operating Ambient Temperature Range:

+0.1/+55.0 degrees celsius

Special Features:

Overload protection with instantaneous automatic reset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
