Overall Length:

12.290 inches

Overall Height:

7.970 inches

Overall Width:

2.670 inches

Major Components:

Front panel 1, monitoring and alarm circuit board assembly 1, dc power converter circuit board assembly 1

Mounting Configuration:

Plug in module

Special Features:

Printed wiring assemblies conformal coated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
