**Overall Length:**

21.500 inches

**Overall Height:**

10.000 inches

**Overall Width:**

11.880 inches

**End Application:**

487I survival low frequency communications system

**Electrical Power Source Relationship:**

Operating

**Special Features:**

Provides no-break dc power to critical circuitry

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
