Overall Length:

21.500 inches

Overall Height:

10.000 inches

Overall Width:

11.880 inches

End Application:

487I survival low frequency communications system

Electrical Power Source Relationship:

Operating

Special Features:

Provides no-break dc power to critical circuitry

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
