Overall Length:

9.000 inches

Overall Width:

6.500 inches

Major Components:

Connector 3, integrated circuit 9, printed wiring board 1, retainer capacitor 3

End Application:

F-16 aircraft age., test set ecs fault

Mounting Configuration:

Plug-in type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
