Overall Length:

16.500 inches

Overall Height:

4.937 inches

Overall Width:

7.500 inches

End Application:

Test system, analog, an/usm449

Electrical Power Source Relationship:

Operating

Operating Ambient Temperature Range:

+0.1/+71.0 degrees celsius

Special Features:

Regulated output

Fsc Application Data:

Computer, digital

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
