Overall Length:

3.940 inches

Overall Width:

2.000 inches

End Application:

F-16 acft

Maximum Operating Altitude Rating:

70000.0 feet

Electrical Power Source Relationship:

Operating

Operating Ambient Temperature Range:

-55.0/+71.0 degrees celsius

Special Features:

Used on ion pump, burn-in per mil-std-202

Fsc Application Data:

Aircraft gunnery fire control component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
