Overall Length:

4.500 inches

Overall Width:

2.020 inches

End Application:

E-3a aircraft

Maximum Operating Altitude Rating:

40000.0 feet

Electrical Power Source Relationship:

Operating

Operating Ambient Temperature Range:

-55.0/+100.0 degrees celsius

Special Features:

Fungus resistant; do not use plastic semiconductors or microcircuits; storage up to 4 yrs; 4 mting holes w/ diameter 0.125 and chassis counterbore 0.260 diameter w/ 0.025 depth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
