Overall Length:

21.000 inches

Overall Height:

29.000 inches

Overall Width:

25.000 inches

Electrical Power Source Relationship:

Operating

Special Features:

Rattached to the floor structural members by 7.312 bolts and to the wallmtg supports by 3.312 in. Bolts; automatic voltage sensing and lockout feat; 115/230 v mechanical selector; primaryno voltage sense circuit breaker

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
