Major Components:

Printed circuit card assembly 1; capacitor 5; diode 9; microcircuit 1; resistor 19; rectifier 1; transistor 3; thermistor 1

End Application:

4920-01-152-2090dq; this is a subassembly of power supply manufactured by nje mfg model mk750-12-65

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
