**End Application:**

Kc135

**Special Features:**

Ldesigned to convert dc power at 28 volts, , to single-phase ac power at 115 volts, 400 hertz, ; output voltage, with loads ranging from zero to full load (300va), shall be between 104 and 122 volts ac, rms

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
