End Application:

Kc135

Special Features:

Ldesigned to convert dc power at 28 volts, , to single-phase ac power at 115 volts, 400 hertz, ; output voltage, with loads ranging from zero to full load (300va), shall be between 104 and 122 volts ac, rms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
