**End Application:**

H-2 helicopter, test equipment

**Electrical Power Source Relationship:**

Operating

**Installation Design:**

Base

**Output Control Location:**

Top panel single power output

**Output Connection Quantity:**

2 single power output

**Ventilation Design Type:**

Ambient air

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
