Overall Length:

18.000 inches

Overall Height:

5.000 inches

Overall Width:

7.500 inches

End Application:

Ea-6b acft

Electrical Power Source Relationship:

Operating

Input Voltage Rating:

105.0 ac pounds per hour dry single operating power rqmt and 132.0 ac pounds per hour with retaining chain single operating power rqmt

Output Voltage Rating:

16.0 dc volts single power output

Input Frequency Rating:

380.0 hertz single operating power rqmt and 420.0 hertz single operating power rqmt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
