Inclosure Material:

Steel

Overall Depth:

25.030 inches

Overall Height:

40.250 inches

Overall Width:

30.500 inches

Ac Voltage Rating:

440.0 volts

Frequency Rating:

60.0 hertz

Inclosure Type:

Cabinet

Charging Voltage In Volts:

42.3

Charging Current Rating In Amps:

200.000

Cell Quantity:

18

Battery Type For Which Designed:

Lead-acid

Phase:

Three

Fsc Application Data:

Battery charging unit for lift truck and pallet transporter battery service

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31600
