**Inclosure Material:**

Steel

**Overall Depth:**

25.030 inches

**Overall Height:**

40.250 inches

**Overall Width:**

30.500 inches

**Ac Voltage Rating:**

440.0 volts

**Frequency Rating:**

60.0 hertz

**Inclosure Type:**

Cabinet

**Charging Voltage In Volts:**

42.3

**Charging Current Rating In Amps:**

200.000

**Cell Quantity:**

18

**Battery Type For Which Designed:**

Lead-acid

**Phase:**

Three

**Fsc Application Data:**

Battery charging unit for lift truck and pallet transporter battery service

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A31600
