Overall Length:

7.250 inches

Overall Height:

1.150 inches

Overall Width:

6.650 inches

Major Components:

Power board 5 volt assembly, control board 5 volt assembly, front cover pwr assembly, vibration stabilizer, insulator, rear cover assembly

End Application:

Signal receiver e-2c (peculiar) acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
