Output Voltage Rating:

0.0 dc volts 2nd power output and 7.0 dc volts 2nd power output

Output Wattage Rating:

80.0 watts 2nd power output

Product Name:

Hp 6023a autoranging power supply

Special Features:

Option 909: rack mount; complete front panel control/display; constant current/constant voltage protection; remote programming and sensing; autoranging output; ten-turn voltage and current controls; auto-series, auto-parallel operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
