**End Application:**

Model 2280a incremental power amplifier system

**Input Voltage Rating:**

100.0 ac pounds per hour dry single operating power rqmt and 240.0 ac pounds per hour with retaining chain single operating power rqmt

**Input Frequency Rating:**

50.0 hertz single operating power rqmt and 60.0 hertz single operating power rqmt

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
