Terminal Quantity:

2

Terminal Type:

Quick disconnect, female

Mounting Method:

Bolt

Absolute Maximum Voltage Rating In Volts Per Characteristic:

50.0 repetitive peak reverse voltage

Absolute Maximum Current Rating Per Characteristic:

10.00 microamperes reverse current, dc and 300.00 amperes peak forward surge current

Err Default:

Err default

Inclosure Feature:

Metal case

Rms Input Maximum Voltage Rating:

35.0 volts

Dc Output Maximum Current Rating:

15.000 amperes

Load Type:

Resistive or inductive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T327-b
